

PAYMENT POLICY

In Motion Physical Therapy Services offers one-on-one patient care. We strive to maintain quality care at a reasonable rate for all of our patients. To keep our rates low and our quality high we do not accept insurance. We do, however, provide all necessary coding and information for insurance claim filing. And, our helpful staff will be glad to answer any questions you may have with the claims process.

We are considered an out-of-network provider but we believe having a thorough evaluation and very focused treatment sessions thereafter will save both time and money. Our goal is to get our patients back to “where they left off” as quickly as possible.

We accept checks, Visa, MasterCard and health savings account debit cards. Payment is at time of service.
